## WILSON SCENTS A CYCLONE

## Jap Occupation of Marshall Islands Would Arouse Congress

## LEGISLATION TO AVOID PHILOSOPHY OF FORCE

(By Associated Press.)  
WASHINGTON, Jan. 30.—Secretary of State Wilson urged immediate legislation to provide "buffer" em-

ployment by "providing the philosophy of force upon existing conditions in the United States during the reconstruction period. He told the joint senate and house committee that indications of this is needed in order to provide a time period of unemployment."

Secretary Wilson said there was considerable "agitation" in the country over reconstruction but the problem would be successfully handled if the senate and house committee showed there were 250,000 unemployed.

Wilson in 124 industrial centers this week against 245,000 last week. He did not consider the situation alarm-

## NO INDEMNITIES FROM GERMANY ALMOST DECIDED

(By Associated Press.)  
LONDON, Jan. 30.—The Paris correspondent of the Standard says the peace conference has eliminated any intention of calling upon Germany and her associates to pay the allied countries the cost of the war or impose heavy indemnities upon enemy nations.

The Standard correspondent added that the minds of the conference are fixed so that there shall be full and ample reparation for unjustifiable damage done. A sharp distinction is being drawn between damage from legitimate warfare and that which is wanton.

## CALIFORNIA CASUALS WILL ARRIVE FEB. 4

WASHINGTON, Jan. 30.—The transport *Pelee* will arrive at Newport news February 4 with a company of California casualties, a small medical detachment and seven signals officers.

## ITALY SAYS PRESIDENT RENEGS IN NOT GIVING FIUME TO THAT NATION

(By Associated Press.)  
LONDON, Jan. 30.—The Paris correspondent of the Mail says Eng-

land's reported acceptance of Wilson's theory of internationalization of the colonies involves the admission that treaties with Japan regarding Pacific islands and other countries must be arbitrarily modified or destroyed. The correspondent says:

"Japanese delegates are angry and alarmed. They declare an unalterable determination to claim the islands as promised. Australians believe Wilson's firm stand is due to the fear that Japanese occupation of these islands would impair his prestige in the United States and he fears to meet a hostile congress in March if he agrees to absolute re-

lention by Japan." The correspondent said: "The Italian delegates frankly avow their claims to Fiume. They insist on the promise of that part of the Dalmatian coast stipulated in the pact of London must be made good. They declare that Wilson's attitude regarding Fiume directly contradicts his declaration of the rights of peoples as outlined by his fourteen points."

(By Associated Press.)  
PARIS, Jan. 30.—Capitaine Tardieu of the French delegation said Britain and France accepted the principles of Wilson's plan concerning captured territory subject to learning conditions by which they might be carried out.

(By Associated Press.)  
PARIS, Jan. 30.—It is reported that individual conferences regarding colonial questions have been held and the proposals are for an armistice and complete agreement on the colonial policy.

## GO LIMIT FOR NAVY SAYS MAYO

(By Associated Press.)  
WASHINGTON, Jan. 30.—Admiral Mayo told the house naval committee that the "league of nations is getting busy in a sewing circle with its means of enforcement and no international police force. Now is the time to limit the limit of expanding our navy."

## ONE MAN POWER DANGEROUS AND REMOVAL URGED

(By Associated Press.)  
WASHINGTON, Jan. 30.—Charles Blough, president of the National Association of Public Utilities Commissioners, who presided over the meeting of the public utility conference, said: "The removal of one man control should be removed."

## BECOMES EDITOR OF LOS ANGELES EXPRESS

(By Associated Press.)  
SAN FRANCISCO, Jan. 30.—Edward Dickson was announced editor of the Los Angeles Express today and assumes his duties immediately. He forwarded the government his resignation from the state board of control.

## STRIKE ON CLYDE GROWS ALARMING

(By Associated Press.)  
LONDON, Jan. 30.—The strike situation in the Clyde and in Belfast is increasingly serious. Belfast manufacturing firms, generating their own electricity, closed their plants because their workers joined the strike. Along the Clyde many corporations have struck.

## WORTH L. WISWALL BADLY HURT BY EXPLODING CAP AT KEYSTONE

Worth L. Wiswall, postmaster at Keystone, sustained serious injuries yesterday when a No. 4 mining cap exploded in his face. The copper fragments lodged in his right eye and tore the flesh on the right side of the nose besides inflicting severe lacerations on the right leg and arm. Mr. Wiswall arrived here at 1:30 this morning, accompanied by his sister, Miss Catherine Wiswall, George J. Dugan and R. M. Matthews. Dr. McLeod was summoned and after applying the usual healing remedies, advised that the patient continue on to Reno where he could receive the benefit of treatment by an eye specialist.

Mr. Wiswall and Mr. Matthews were working underground on the ledge claim in which both are interested when the former began attaching a cap on a fuse for shooting. Matthews was about 25 feet away around a corner when he heard an outcry and, running back, found his partner with his face blackened and covered with dirt and blood from an explosion.

When the cap exploded there were three sticks of powder and a few caps on the ground at the feet of Wiswall. Had fire been communicated to these the unfortunate man would have been blown to pieces.

Worth L. Wiswall is a brother of Miss Ethel Wiswall, of the West End force, who has the sympathy of her large circle of friends in view of the fact that it was only recently that she lost a brother by death in Port land, Ore.

## CALL HALT IN BUILDING ALL SHIPS

(By Associated Press.)  
WASHINGTON, Jan. 30.—Director General Pick of the West corporation said it would be the government's policy to shipyard strikes "to let the job stand." He referred particularly to Seattle where the men are striking and San Francisco where a threatened strike might stop all work in the district. He declared that most of the yards needed a breathing spell and thought the government would not continue to furnish work at extremely high wages which increased skill and the output justified. He regarded it as highly important for workers in their own interest to call strikes at existing scales.

(By Associated Press.)  
SAN FRANCISCO, Jan. 30.—A representative of the woodworkers in Pacific coast shipyards said his organization is "prepared to hold out as long as the shipping board." A California metal trades association representative said the shipyard executives would make no further attempt to prevent a strike.

## Tonopah Looks Better Than It Did in 1902

E. G. Wheeler, president of the Water Company of Tonopah left this morning for San Francisco where he will spend the remainder of the winter so as to be in close touch

## HUGE FREIGHTER DIPS IN THE BAY

(By Associated Press.)  
OAKLAND, Jan. 30.—The Moore shipbuilding company today launched the 900-ton freighter Tuckanuck for the Emergency Fleet Corporation. This is the twenty-fourth vessel this yard has built for the government.

## BOLSHEVIKI WILL PUNISH INEBRIETY

(By Associated Press.)  
STOCKHOLM (Wednesday), Jan. 28.—A threat to punish inebriety among Bolshevik officials of high degree by death is contained in a soviet decree printed in late issues of the Petrograd newspapers.

with Tonopah for which he is planning great improvements in the local service. Mr. Wheeler believes Tonopah is at the threshold of an important development which will extend the life of the camp for an other long period.

"When I was here in 1902 I predicted that Tonopah would enjoy an active life of ten years and now that the camp has been highly prosperous for sixteen years, I want to say that the camp looks comparatively better than it did in 1902 and I feel safe in saying that there are from ten to twelve years of prosperity ahead of Tonopah today. In fact I never saw the camp look better from a material point of view and I feel certain that the day is not far distant when the whole flat will be covered with head-frames and active mines.

"I am speaking from the standpoint of an investor for we have large interests here as everybody knows and I am so convinced of the ultimate expansion of Tonopah that our company is preparing to spend a good deal of money in fortifying our lines between here and Rye Patch so that we may have an increased delivery. Tonopah is bound to have more mills, not this year, but they are coming as the ores will have to be treated here, all of which makes for

population and prosperity. The order to double the capacity of the Mac-Nabata mill is a forerunner of the new development and I feel safe in forecasting a population of 8000 for Tonopah in three years."

## MEN MUST WORK WITHOUT STRIKES

(By Associated Press.)  
LONDON, Jan. 30.—The German government contemplates strong measures to combat the growing of the strike wave and will soon bring forward a bill compelling men to work and severely punish strikers.
